Academic Workshops Questionnaire

Dear Parents,

We are currently planning for our summer academic workshops. In this program each child will receive one hour of small group instruction for each of the five mornings per week that you enroll. The academic workshops requiring completion of this form include: Kindergarten Readiness, English Language Arts, and Mathematics. Information from this form will help us to provide as individualized a program as possible for your child. Please return this questionnaire to us as soon as possible. If you have more than one child enrolled in the summer Workshops, please complete a separate form for each child.
